Welcome to our Summer edition of **inside Noosa Property**

What a great time to be considering purchasing one of our beautiful Noosa properties, many now offering better value than ever before.

We have experienced an increase in turnover during the latter half of the year as confidence in our economy returned, we expect steady growth over the coming year as the market slowly builds momentum. It's a great time to secure your slice of Noosa and enjoy the improving market conditions. While there are other investments options, you can't holiday in a share portfolio. The memories people have of their Noosa family holidays are priceless. It's no wonder Noosa property is so closely held. We have assembled some of Noosa's most desirable properties in this edition.

Enjoy reading through our summer collection, we look forward to assisting you with your real estate and accommodation needs.

To all of our clients and friends have a safe Christmas and a prosperous New Year, we really value your support.

Kind regards,
Dan Neylan
